

**Heavy duty
washers and dryers**

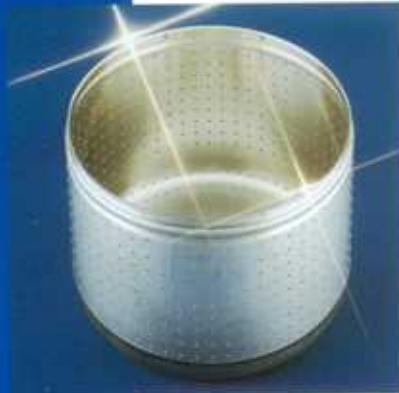

Heavy duty wash

Because on-premises laundries don't have time to deal with the hassles of maintenance and down time, Huebsch heavy duty washers and dryers deliver reliable performance and much more. Innovative energy-saving features provide a more economical way to get the job done. With so many user friendly features like a simple push-to-start button, Huebsch is an easy choice for your laundry facility.

Washers

Extra Large Stainless Steel Tub

To keep clothes looking their best, longer - Huebsch offers the Stainless Wash. Unlike plastic materials, stainless steel actually becomes smoother with each use, so it is less likely to snag or fray clothes.

Extra Large Capacity

Huebsch washers can handle big, family-size loads with ease. Fewer washloads save time and energy. Extra large capacity 3.3 cu. ft. (92 litres).

Advanced Suspension System

Huebsch's unique Automatic Balance System (ABS) provides the industry's best out-of-balance handling, virtually eliminating the possibility of an unbalanced load.

Commercial Quality Transmission

Our transmission is of the highest quality and durability, with results proven in our rugged commercial models.

Water Level Selector

Set the exact amount of water needed for each load with the adjustable water level control. Saves resources, while reducing your utility costs.

Poly Tuff® Curved Vane Agitator

The high vanes and extra long 210° agitation stroke deliver side-to-side, top-to-bottom washing action, to get your clothes their cleanest.

Multi-Cycle

Huebsch offers you a choice of washing options to help you keep clothes looking their best, day after day.

Fabric Softener Dispenser

Automatically adds softener at the beginning of the rinse cycle.

Bleach Dispenser

Accu-Bleach™ dispenser is easy to fill and dispenses automatically.

Temperature Controls

Select from three wash temperatures.

Dryers

Extra Large Drying Capacity

Our super capacity 7.0 cu. ft. (201 litres) drying cylinder needs very little space, yet easily handles large loads. The bright white interior surface makes it easier to locate laundry items that may have otherwise been left behind.

Door Opening

Huebsch features the industry's largest dryer door opening (2.06 sq. ft./1913 sq. cm.) for easy access to clothes inside. Side swing door opens a full 180° and reverses to open either right or left hand allowing you to customize your laundry room.

Heavy-Duty Exhaust Fan

Fabrics will dry quickly and evenly with this efficiently designed exhaust fan. A partial vacuum is created inside the cylinder, as high volumes of heated air flow through the clothes.

Upfront Secured Lint Filter

For easy cleaning, Huebsch dryers have an up-front, secured lint filter located at the bottom of the door opening, where it can't be forgotten. No mess!

Multiple Venting

Four-way venting on electric dryers, three way venting on gas dryers, provides flexibility for installation convenience.

Adjustable End-Of-Cycle Signal

A simple reminder that your clothes are dry. You control how loud you want the signal to be.

Front serviceability

Simple removal of front panel or control hood on both washer and dryer provides easy access for servicing from installed position.
